With over 25 years of experience in the finance industry—specializing in both auto and commercial vehicle financing—I bring a strategic, results-driven approach to leadership. Throughout my career, I've overseen operations, finance, compliance, and human resources for several large companies, always with a focus on driving growth, innovation, and efficiency while delivering high-quality products and services.

At TopMark Funding, I'm proud to lead initiatives that support our partnership with Next Truck Sales. Together, we aim to provide their customers with tailored financial solutions that match their unique business needs and credit profiles.

TopMark Funding offers full-spectrum financing options for customers across all phases of the credit spectrum. We pride ourselves on having one of the fastest approval processes in the industry, paired with excellent communication throughout the truck buying experience. Our mission is not just to get you on the road—but to help you grow your business throughout your entire trucking career.

While I personally speak English, our team includes multilingual representatives available upon request to better serve your needs.

I look forward to working with you and helping you find the right financing solution to move your business forward.
